Sub: Financial help for water mattress as IV fluid, Isolyte P and local bactroban ointment for poor patient Rashami 8 yr/F.

Sir,

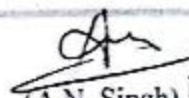

Thank you very much for your continuous support to the poor and needy patients of this hospital. This is to bring to your kind notice that we have a patient, Rashami, 8 years female of severe undernutrition with HIV positive, chronic diarrhea with sclerodermatitis enteropathica and bed sore necrosis. Parents of the patient have been expired. Her grandmother has come from Hyderabad only for the treatment of the child. She is poor and can't afford the treatment of the child.

Kindly arrange the above mentioned requirements of IV fluid 3 bottles per day for 10-15 days and local bactroban ointment -30, 1 water mattress for the same. The cost of these medicine and water mattress are between Rs. 25000 to Rs. 30,000 approximately.

So, we request you to kindly consider this patient on urgent basis.

Thanking you,

Yours sincerely,

(A.N. Singh) 15/10/12
